### New Case Report

**1/5/2021**

We would like to inform you of new COVID-19 cases. We have had thirteen residents and two staff members test positive within the last 24 hours. The residents have been moved to our Covid-19 unit. We are monitoring all residents three times a day for any changes and testing immediately if changes are noted. The staff members are out on quarantine. All of our staff will be retested Wednesday. We continue working with the local health department on any further recommendations.

Please continue to check our website for updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at (210)828-0606.

Sincerely,

Irene Salinas, RN, MSN, LNFA  
Administrator

### WEEKLY UPDATE

1/29/21

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 73 residents and 35 staff members test positive for COVID-19. This week we had no new positive residents and 1 new positive staff member. Due to our ongoing high community positivity rate, we continue to be at risk for further outbreaks. We are working with our local and state health departments to implement recommendations to protect our residents and staff.

Due to our current outbreak status, we are not open for visitation. We continue to allow essential caregiver/compassionate care visits per interdisciplinary team recommendations. Please contact our facility for further questions.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at (210)828-0606.

Sincerely,

Irene Salinas, RN, MSN, LNFA
